Ms. ALLU SIVALEELA ECE, 2013-2017 Batch

Finding the right path to success at the right time is really very important and for that way I had selected SSIT. The friendly environment, the systematic approach towards imparting education at SSIT made me a competent individual. The wide range of activities- both curricular and co-curricular along and the support from SSIT is really very helpful for my future. The faculties are really very kind and approachable when any need arises. In SSIT we are trained for our placements and because of that I was placed in one of the reputed company. Today, if I am in good position it's because of what I have learnt from SSIT. Lastly I am really proud to be a student of SSIT.

Ms. DUPATI RASA MAYE EEE, 2013-2017 Batch

Life never gave me anything for granted I worked hard and achieved everything, from getting a letter of excellence from HRD minister Smriti Irani. However, many more to accomplish ahead When I joined in SSIT, I was out of my comfort zone, as being an engineering student making journals were quite difficult for me initially, but with the utmost support of my professors and friends at SSIT, I was able to overcome all the difficulties. I have always believed in myself because at the end of the day it's your effort which makes the difference.

Mr. UDAYA SREE.M CSE, 2013-2017 Batch

Coming to SSIT, I consider it as a temple and the teachers over here as my god . Each of the Faculty members helped me with my ups and downs and shaped me into a better, responsible and successful person. Since my admittance,four years ago, I have been evolved into a confident lady, bolstered with many new skills.

Ms. CHAKRAPU PRIYANKA, ECE, 2013-2017 Batch

Entering SSIT is one of the best things to happen in my life, both on personal and professional front. It has inculcated a lot of intra and interpersonal skills which is one of my key learning by being part of the SSIT family.

Ms. DASARI ANVESHITHA EEE, 2013-2017 Batch

I am really thankful to my parents for allowing me to go to SAI SPURTHI and study at this college. Otherwise it wouldn't be possible for me to get the industry exposure and a challenging job. Thank you SSIT for giving such good faculty members and staff for helping us achieve our goals.

Mr. ANKUSRAO SIVASHANKAR,MECH, 2013-2017 Batch

I dedicate my success to all the team members of SSIT, who guided me to become a successful engineering professional. All knowledge that I have picked up from the college during the course of my four years of my study have come into use.
